

2020-2021 Hybrid Learning or 100% Distance Learning Model Elementary School Program Selection Form

Duarte Unified School District continues to monitor the number of COVID-19 cases in Los Angeles County, as well as County and State guidelines for the safe reopening of schools for in-person instruction. At this time, targets for reopening elementary schools for in-person instruction have been met in Los Angeles County. DUSD is pleased to transition to in-person instruction through a Hybrid Learning Model option for elementary students.

In-person hybrid learning model option will be available starting:

- April 6, 2021 - Preschool, Transitional Kindergarten(TK), Kindergarten
- April 13, 2021 - Grades 1 and 2
- April 20, 2021 - Grade 3 - 5

At this time, the hybrid option is only available for students in preschool and elementary classrooms and for students with disabilities in self-contained classrooms. In-person instruction is not permissible for grade levels that change classes during the day including our students in grades 6 through 12.

Please read a description of the options and make a selection for each of your children enrolled in our schools. Program selection will remain in place for the remainder of the 2020-21 school year. In order to organize groups around the best needs of all students, it is important that parents make a firm decision for their own children. Any changes in program will be considered on a case by case basis. Please note that your student(s) will continue to be enrolled in their current school/classroom for both learning models:

- 1) **Hybrid Learning Model:** Students will physically attend school for in-person instruction two mornings per week (8:30 - 11:30) and participate in at-home Distance Learning (with daily teacher interaction) when they are not at school. Students will continue to be marked for attendance five days per week. Safety measures will be in place, including physical distancing and the wearing of face masks, as required by the Los Angeles County Department of Public Health. All sites have been equipped with appropriate safety measures and personal protective equipment (PPE.)

In order to reduce the number of students in each classroom, students that choose the hybrid model will be assigned to either Group A or Group B. In compliance with health and safety guidelines, interactions with other students will be restricted to only those students in their own assigned group. Students may not engage in activities with students that are in a different group or different class. When at school, students will have a recess with the students in their group, and may not play with students in other classes.

On the days when Group A is at school, Group B will be at home engaged in Distance Learning which includes live interaction with the teacher. On the days when Group B students are at school, Group A will be at home engaged in Distance Learning which includes live interaction with the teacher. One day per week, all students will be at home engaged in Distance Learning with live interaction with the teacher.
